

The Catholic High School of Baltimore Summer Reading List

Teacher's Name: Mr. Krum

School Year: 2011 – 2012

Grade Level: 11-12

Course No.: 368

Course Name: Environmental Science

Academic Level (Honors/AP/CP1/CP2/CPA): AP

Reading:

Environment: The Science behind the Stories Third Edition

Withgott and Brennan

Assignment:

Your summer reading assignment is as follows: read the first two chapters of your textbook. At the end of each chapter, there are questions to answer divided into four headings. For each chapter, you will answer any five of the 10 questions in the “Testing Your Comprehension” section. You also need to answer any three of the six questions in the “Seeking Solutions” section. In addition, you need to answer all three questions in both the “Interpreting Graphs and Data” and the “Calculating Ecological Footprints” sections.

Put each of the chapter answers on separate pieces of paper. Be sure to use section headings. Number the answers to the questions within each section. Both of these chapter assignments will be due Tuesday, August 23. During that first week, you will also be given a test on each of these chapters.

A Quality Secondary Education in the Franciscan Tradition
