Mission

Empowered by Gospel values and rooted in the spirit and tradition of Saints Francis and Clare of Assisi, The Catholic High School of Baltimore, a sponsored institution of the Sisters of St. Francis of Philadelphia, is dedicated to the education of young women in an environment that fosters Christian attitudes of dignity and respect for the human person and all of creation.

In our mission, we recognize that through education the empowerment of women can effect the transformation of our society; therefore, we challenge our school community to academic excellence, to responsible leadership, and to Christian community service.

Letter from the President

Dear Alumnae, Parents, and Friends of Catholic High,

Very warm greetings from *The Catholic High School of Baltimore!* Our summer staff remains hard at work getting ready for the new school year and continuing the many initiatives that require attention year long. Months in the making, this edition of *The Highlighter* is one of them. I am confident that you will be impressed, as always, with the great news of our alumnae, students, and recent graduates.

Our Mission Statement boasts of our commitment to challenge our school community to academic excellence, to responsible leadership, and to Christian community service. As you read the exciting pages of *The Highlighter*, you will see that the words of our mission statement continue to be vibrantly alive at Catholic High and among our alumnae.

The end of another year brings many highlights to our school community, several of which are included in this edition: Commencement on May 24 at the Cathedral of Mary Our Queen and recognition of the 50th anniversary class, the Class of 1961, May Procession, and athletic achievements. In addition, learn about Catholic High's commitment to technology as a tool for learning and preparing our students for life beyond high school, and of our continued efforts as a Maryland Green School.

As you read this edition of *The Highlighter*, you will again notice the many ways Catholic High continues to touch the lives of our alumnae. It is always a joy to highlight our graduates in the *Alumlight* section, regardless of your year of graduation or where you live. We are most fortunate as a school community that our thousands of alumnae maintain their connection to Catholic High and continue to offer support in a variety of ways.

May you let your light shine each day in reflection of your years of life and learning at Catholic High.

Blessings to you and your families.

Letter from the Office of Institutional Advancement

Dear Alumnae, Parents, and Friends of Catholic High,

THANK YOU for supporting The Catholic High School of Baltimore's annual giving campaign, Learning Today, Leading Tomorrow ... Forever Catholic High. Each of you who made gifts to Catholic High this year deserves a big round of applause. Your support, dedication, and enthusiasm for our students and traditions are demonstrated through the success of the *Annual Fund*. We are so appreciative of your generosity. In addition, we want to recognize and thank our Board of Trustees and faculty/staff for their 100% participation.

Annual giving is also supported through the success of our special events and programs. Our major special events, the Autumn Night Gala, Wine Tasting, and Spring Fling generated both funds and enthusiasm – building and enhancing community spirit! Volunteers are the very backbone of so many of the special events, fundraisers, friend raisers, and activities we hold each year. ***So here's to YOU—Our Volunteers!*** Thank you for all you do, in big ways and small ways, which together make Catholic High a very unique place.

Planning for next year is well underway as we reach for even higher goals—ones that will ensure our future. We look forward to growing our volunteer base, special events and programs, and the *Annual Fund*. Please join us – your time, talent, and gifts can truly make a difference!

Sincerely,

Dori DiVenti

Catholic High Introduces New Technology in Fall 2011

Every member of the Class of 2015 will receive an android tablet device. Catholic High has made a commitment as a green school, and as such we are moving forward with a 1:1 handheld android tablet program. The tablet will be used for e-textbooks, e-books (novels), note taking, and network/Internet access.

Shannon Krehely '12 tests the new android tablet.

Students Learn About Water Preservation

Did you know that on average a household uses about 350 gallons of water a day?

On Wednesday, February 9, Ashley Traut, Senior Program Manager for Stormwater Management & Community Outreach at Blue Water Baltimore (BWB), spoke to students during homeroom about community greening, water conservation, and stormwater management. Last year, BWB planted about 1,000 trees with local schools on and off campuses – Catholic High being one of them.

Trout also talked to the students about larger projects BWB has in the pipeline. The Blue Alleys Program will replace conventional concrete and asphalt in 11 Baltimore City alleys with modern, absorbent materials that will soak up the rain water and pollutants before it “runs off” into the neighborhood streams and eventually into the Baltimore Inner Harbor. This project will be implemented during the next three years.

In an attempt to clean up the Harbor and create safe habitats for the local marine life, BWB has introduced “floating wetlands.” A “floating wetland” is constructed with a safe mat that allows green life to grow on top and floats on gallon jugs and/or soda bottles pulled from the water in the Harbor. To date, nine different species of fish are calling these “floating wetlands” home. The National Aquarium in Baltimore has underwater cameras through which one can see the underside of these wetlands and the species of fish that live in them.

So what can we do at home?

At home, you can conserve water simply by switching to a low-flow toilet, water-saving faucets, and ENERGY STAR appliances. In addition, you can add a pipe elbow to the end of your downspout and route rain water to spill out into your yard instead of the street or alley.

What is Catholic High doing as a Maryland Designated Green School?

Students, faculty, and staff plant trees with BWB each fall on Community Service Day to aid in their grassroots base of bringing more green into the community. This spring, we worked with BWB to introduce native plants into our rain garden, thus decreasing the amount of stormwater run-off from the parking lot. We also have rain barrels to collect rain water before it runs off into the stormwater drains.

For more information about Blue Water Baltimore, their projects, or how you can get involved, visit their website at bluewaterbaltimore.org.

Alumnae Spotlight

Megan McCaffrey, a 2011 graduate of Catholic High, is a member of the Chesapeake Youth Symphony Orchestra's Senior Flute Ensemble. This group is a selective ensemble of flutists from Maryland. They perform throughout Maryland and Virginia every year at various events. In summer 2011, the group went on a "grand tour" in St. Petersburg, Russia, where they played at many different venues. Megan is one of the few flutists selected to perform a master class with a Russian flutist. She prepared a piece of music, played it for an audience, and received criticism on how to improve her performance. "It is rather intimidating, but I was very excited to perform!" said Megan.

Megan is also a member of Towson University's Honor Band and received second chair out of 20 competing flutists. She was invited to be a member of the Sound of America Honor Band, which is a band of students from across the nation who performs throughout Europe.

While at Catholic High, Megan was the first chair flutist and a featured soloist beginning in her sophomore year, and received the instrumental music department award in both her sophomore and junior years. She was member and officer in the Tri-M Music Honor Society. Megan participated in pit band, handbell choir, and as featured soloist in many assemblies and liturgies.

Megan has been playing the flute since she was nine and is a member of Gail Vehslage's studio. She is attending Elon University in the fall and is doubling in Psychology and Music.

Julianna Hanas '10 took a break from college life for a day to visit with Ms. O'Doherty's Advanced Art students and teach them a graphic arts lesson on the MACs. Sophia Vise '11, Laura Baker '11, Kelsey Kollar '12, and Kathryn Phillips '12 thoroughly enjoyed learning how to draw on the MACs.

Julianna is currently an Art (Graphic Design) Major at Towson University and hopes to study abroad within the next year. She plans to continue her art studies and follow her passion into the Interdisciplinary Object Design field.

Stephanie Fromm received a Bachelor of Science and a Master of Science in Computer Forensics at Stevenson University after graduating from Catholic High in 2005. She is currently an Analyst for the Department of Defense.

Stephanie came back to school for the day on February 16, 2011 to talk to students in the Computer Engineering class about career opportunities available to them in that field.

"I had an amazing time coming back to Catholic High," Stephanie said. "It was great seeing all of the changes and new technology. The girls were very receptive and I enjoyed sharing information about my degree and career with them. Choosing what you want to do with the rest of your life at 18 is tough, so if my presentation helped them gain a better idea of what a career in forensics pertains, I feel satisfied."

Cubs Sports Wrap-Up

The Catholic High athletic teams had a very successful year. They brought home a few championship titles and many awards! Congratulations to the following teams for their outstanding achievement.

Varsity Volleyball made its third straight trip to the IAAM finals. They completed the regular season undefeated and were the #1 seed going into the tournament where they proudly won second place.

Varsity Cross Country placed third at the IAAM Championships.

Varsity Field Hockey played the best season in school history with six wins, three losses, and two ties.

Varsity Basketball placed second in the regular season and won second place in the IAAM Championships. The team also competed in and won the AACS Holiday Tournament.

Varsity Cheerleading won first place in the Mayor's Christmas Parade, first place in the Charm City Challenge, Sidelines Division, and second place in the IAAM Competition, Sidelines Division.

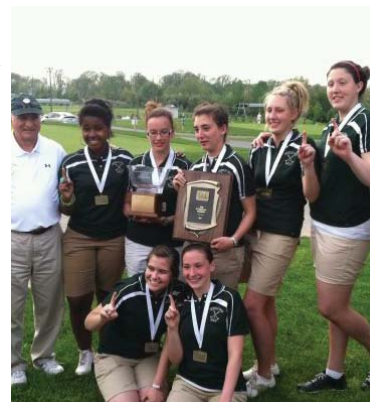

Varsity Dance won first place in Hip Hop at the Charm City Challenge, second place in Hip Hop at the Towson University Competition, and fifth place in Hip Hop at the Reach the Beach Competition in Ocean City.

Varsity Golf finished first in the regular season undefeated and won the IAAM Tournament for the third year in a row.

Varsity Softball finished first in the regular season and won the IAAM Tournament.

"I honestly was excited from the first day of fall try-outs," said Mrs. Kari McBride, Athletic Director. "We had so many veterans returning to our teams and our coaches were prepared and enthusiastic."

"I truly believe that all of our teams had exceptional seasons, not just because of the wins, but because of the attitudes, effort, and pride. Yes, it was awesome to be represented in championship games in each season, but it was also awesome to see the excitement around the school and have so many students involved in athletics this year. It will truly be a season to remember!"

Freshmen Dabble with Robots

Twenty-one STEM students in the class of 2015 participated in our first Robotics Camp as part of the introduction to their academic program. The students constructed and programmed robots to perform various tasks such as parallel parking, detecting color, and stopping on voice or clap command. On the last day, Sherrie Johnson, education reporter from ABC Channel 2 News, visited the campers to witness their First Lego League Body Forward competition in which each pair of students had to complete as many of the 12 tasks as possible - from repairing a broken bone to transporting a patch to the heart.

STEM student, Sarah Nakasone '15, spoke to friends and family of Joanne Liberatore Kramer '59, members of the class of 1959, and STEM students and their families about why this program is important to her at a STEM Reception on July 27 at Liberatore's Restaurant in White Marsh. She spoke to the statistics of men outnumbering women in all of the STEM fields and hopes that her class "is the class to break stereotypes."

"Catholic High is proud to offer robotics as an introduction to the STEM Program. We continue to lead the way with using technology to propel our students into a new and exciting world they will inherit," Dr. Barbara D. Nazelrod '68, President, said.

'44 Ruth Taylor Hood and husband Frank celebrated their 65th anniversary on June 29, 2011.

'55 Donna Callan Lichtenberg and husband, Lin, are celebrating their 56th wedding anniversary.

'62 Kathleen Real Gladding welcomed her first great-granddaughter, Reagan Michelle Danlag, on February 18, 2011. She weighed 6lb 3oz and was 18.5 inches long.

Courtney Reed, granddaughter of **Sharon Hess Reed '62** and great niece of **Lorraine Hess Gordon '66**, was crowned *Queen of the Chesapeake* at Maryland Yacht Club on June 5, 2011. Courtney is representing all the yacht clubs in Maryland.

'73 Patty Hook Finch announces that her son, Tim, and his wife, Katy, moved from New York, NY to L.A. in June to continue their careers. Tim has been in several movies and television shows such as *Ugly Betty*, *Gossip Girl*, *Blue Bloods*, *Nurse Jackie*, and HBO's *Boardwalk Empire*. He started as a feature waiter in *Wedding Crashers* when he was a senior at Salisbury University in 2004. His wife is transferring from Manhattan's ABC *Good Morning America* where she works as an editor to the L.A.-based office.

'75 Janet Paplauskas Sullins is the Deputy clerk for the Town of

Clayton, NY, on the St. Lawrence River and border with Canada. The area on both sides of the river is known for its arts of all kinds. After singing for a number of years with The Columbia Pro Cantare in Columbia, MD, she immediately found a suitable chorus in a local Canadian town. An avid scuba diver, she has done many dives in the St. Lawrence since moving there eight years ago. She exhibited her art in local shows. The local paper and television stations feature local artists and Janet has had numerous photos on covers and on tv spots. A Canadian freighter company even bought one of her shots after seeing it in the paper. Meanwhile, she tries different venues, (her d/b/a is The Queen of Arts) putting hand-painted silk ties or hats, or painted frames in local shops. Most items have local scenes, like freighters and herons and local landmarks. She has finally set up a stained glass studio and is anxious to get cracking (pun intended) on some larger panels like she used to create when she worked in studios in Maryland and freelanced. She also does watercolors (some pet portraits) and oils that she enters in local shows. Some are hanging in private collections in the area and in Ontario.

'80 Kathy Goldsmith Benisch proudly announces that her daughter, Katie Benisch, graduated from eighth grade with first honors from St. Ursula School. She wishes to congratulate all of the Catholic
